1. Re para 1, the answer is yes. As you know Subject was recruited and vetted as an agent by SCI Unit Munich, early 1945 for the purpose of penetrating German illegal movements. He was dropped about a year ago because no resistance movements of the anticipated type materialized, but AB-43 occasionally used him with the knowledge and full approval of Chief, SC Amazon.

2. Re para 2, no Dr. GILG is known here.
